

Atlantic School of Theology Residence—General Information

Welcome to AST Residence

AST Residence is a place of community, reflection and study for theological students of AST, as well as for other graduate and undergraduate students of local universities.

AST is located in Halifax's charming south end, overlooking the waters of the Northwest Arm. Our campus is a few minutes' walk from Saint Mary's University, Point Pleasant Park and within walking distance of Dalhousie, the downtown core and Halifax Transit bus routes. Nestled away from the city's bustle, our peaceful campus grounds provide opportunities to explore your calling, study and experience the divine.

Our Residence is shaped by a tradition of cooperation and respect that spans more than 40 years, creating an open and welcoming environment. Our hope is that you will share and maintain these values while living at AST.

As a small university, AST promotes a safe, friendly, smoke-and-scent-free environment. Our Residence is a co-ed community, with students attending AST, Dalhousie, Saint Mary's and Nova Scotia College of Art and Design. This is a place where students feel at home, and everyone knows your name, offering opportunities to forge friendships that last a lifetime.

AST is able to provide accommodations for 43 students, with a mix of single and double-as-single occupancy rooms, and a few apartments. The single and double rooms are furnished with a single bed, desk, lamp, clothes closet and bookshelf.

Although the rooms are furnished, you will need to bring your own personal items, such as linens, blankets, pillowcases, soap, towels and face cloths. We are not able to accommodate pets in residence.

You will also find laundry services on-site and fully equipped shared kitchens and dining rooms in residence. We ask that you please bring your own dishes and utensils.

There is a Residence Don and Co-Don who work to ensure that AST students and residents enjoy complete safety and comfort while here.

As an AST resident, you will have access to our modern Library – part of the Novanet system – which features study spaces and public computers available for class work and/or Internet access.
