Steve Foran Earns the Certified Speaking Professional Designation

(Halifax, Nova Scotia, May 24, 2017) Steve Foran, the Grateful CEO with Gratitude at Work Limited, has earned the CSP™ (Certified Speaking Professional) designation. Established in 1980, the CSP™ is the speaking profession's international measure of speaking experience and skill. About 12 percent of speakers worldwide hold this professional designation.

The CSP™ designation is conferred by NSA on accomplished professional speakers who have earned it by meeting strict criteria. CSPs must document a proven track record of continuing speaking experience and expertise, as well as a commitment to ongoing education, outstanding client service, and ethical behaviour. Foran is one of 3 Canadians among the 43 professionals to earn the CSP™ in 2017. Foran will be honoured during a ceremony on July 8 at Influence 2017, NSA's annual convention in Lake Buena Vista, FL.

Gratitude at Work works with organizations and individuals who want to resist the natural tendency of slipping into habits of complacency and entitlement. Using a simple, science-based system, Gratitude at Work helps people and organizations flourish. Over the past 10 years, Foran's work has touched hundreds of thousands of people.

The National Speakers Association (NSA) is the leading organization for professional speakers. NSA's thousands of members include experts in a variety of industries and disciplines, who reach audiences as trainers, educators, humorists, motivators, consultants, authors and more. Since 1973, NSA has provided resources and education designed to advance the skills, integrity and value of its members and the speaking profession.
