Independent Auditor's Report

To the Board of Governors of Atlantic School of Theology

Opinion

We have audited the financial statements of Atlantic School of Theology (the "School"), which comprise the statement of financial position as at March 31, 2026, the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the School as at March 31, 2026, and its financial performance and cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the School in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the School's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the School or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the School's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the School's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the School to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. Significant Accounting Policies

Nature and Purpose of Organization	The School was founded in 1971 and incorporated on June 28, 1974. It operates under the authority of statutes of the Province of Nova Scotia. The School's principal activities include the provision of post graduate courses in theology; courses of instructions for students for the ordained and lay ministries; continuing education; facilities for theological research; library facilities; and administration of residence facilities. On July 1, 2001, the School became affiliated with Saint Mary's University. This affiliation has enabled the two institutions to jointly establish and promote academic programs, to achieve operational efficiencies and to optimize usage of facilities to their mutual advantage. The School is a registered charity and, as such, is exempt from income tax and may issue income tax receipts to donors under Section 149 of the Income Tax Act. The School has been accredited by the Association of Theological Schools (in Canada and the USA) since 1988 and received a seven-year accreditation in 2020.
Basis of Accounting	The financial statements have been prepared using Canadian accounting standards for not-for-profit organizations.
Cash and cash equivalents	Cash and cash equivalents include petty cash, cash on deposit, and deposits in money market instruments with maturities of less than three months.
Contributed Services	Volunteers contribute many hours per year to assist the School in carrying out its activities. Due to the difficulty of determining their fair value, contributed services are not recognized in the financial statements.

1. Significant Accounting Policies (continued)

Revenue Recognition

The School follows the deferral method of accounting for contributions.

Operating grants are recognized in the period when received. Operating grants received for expenditures in a future period are reported as deferred income, until the corresponding expenditures are incurred.

Contributions restricted for the purchase of capital assets are deferred and amortized into revenue at a rate corresponding with the amortization rate for related assets. Contributions restricted for the purchase of land is recognized as a direct increase in net assets.

Unrestricted contributions are recognized as revenue when received or receivable if the amount can be reasonably estimated and collection is reasonably assured.

Restricted contributions are recognized as revenue in the year in which the related expenses are incurred.

Endowment contributions are recognized as direct increases in net assets.

Restricted net investment income is recognized as revenue in the year in which the related expenses are incurred. Restricted net investment income that must be added to the principal amount of resources held for endowment is recognized as a direct increase in net assets. Unrestricted net investment income is recognized as revenue when earned.

Amounts received for tuition are classified as deferred revenue and are recognized at the time when the services are provided and when the amount to be received can be reasonably estimated and collection is reasonably assured.

Rental revenue is recognized on a straight-line basis over the term of the lease agreement.

1. Significant Accounting Policies (continued)

Tangible Capital Assets

Purchased tangible capital assets are stated at cost less accumulated amortization. Contributed tangible capital assets are recorded at fair value at the date of contribution, unless fair value is not determinable in which case contributed tangible capital assets are recorded at nominal value at the date of contribution. Contributed tangible capital assets are subsequently amortized. Expenditures for repairs and maintenance are expensed as incurred. Betterments that extend the useful life of the tangible capital asset are capitalized.

Amortization based on the estimated useful life of the asset is calculated as follows:

	Method	Rate
Building	Straight-line	40 years
Building improvements	Straight-line	8 years
Computer hardware	Straight-line	3 years
Computer software	Straight-line	3 years
Furniture and equipment	Straight-line	5-20 years
Leasehold improvements	Straight-line	20 years
Library books	Straight-line	10 years
Organ and piano	Straight-line	20 years
Parking lots	Straight-line	20 years

When a tangible capital asset no longer contributes to a School's ability to provide goods and services, or the future economic benefits or service potential of the tangible capital asset is less than its carrying value, the excess of its net carrying amount over its fair value or replacement cost is recognized as an expense in the statement of operations. Any unamortized deferred contribution amount related to the tangible capital asset is recognized in revenue in the statement of operations, provided that all restrictions have been complied with.

When a tangible capital asset is disposed of, the difference between the net proceeds on disposition and the net carrying amount is recognized in the statement of operations. Any unamortized deferred contribution amount related to the tangible capital asset disposed of is recognized in revenue in the statement of operations, provided that all restrictions have been complied with.

1. Significant Accounting Policies (continued)

Fund Accounting

Revenues and expenses related to program delivery and administrative activities are reported in the unrestricted fund.

Endowment contributions are reported in the endowment fund. Investment income earned on resources of the endowment fund is reported in the unrestricted fund.

Revenues and expenses related to facilities renewal are recognized in the facilities renewal fund.

The internally restricted fund consists of funds restricted by the Board of Governors for payment of bursaries and other special projects. Funds are allocated to the fund by reallocating unrestricted contribution.

Financial Instruments

Financial instruments are recorded at fair value at initial recognition.

In subsequent periods, equities traded in an active market and derivatives are reported at fair value, with any change in fair value reported in income. All other financial instruments are reported at cost or amortized cost less impairment. Transaction costs on the acquisition, sale or issue of financial instruments are expensed for those items measured at fair value and charged to the financial instrument for those measured at amortized cost.

Financial assets are tested for impairment when indicators of impairment exist.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. The School's estimates include the amortization of tangible capital assets and the amortization of deferred capital contributions for capital assets. Actual results could differ from those estimates.

		\$ 8,252,605		\$ 8,616,686

Computer hardware, furniture and equipment and building improvements of \$123,561 (2025 - \$127,763) were made using funds restricted for facilities renewal.

The agreement of 2001 provides that, should the School at any time wish to dispose of any or all of the assets formerly owned by Pine Hill, Pine Hill in the first place, followed by the other Founding Parties and Saint Mary's University, shall have the right to re-acquire the assets at the then fair value less the fair value at the time the donation was made. If Pine Hill does not exercise this right and the property is sold, then Pine Hill is entitled to the lesser of the value at the time the assets were donated or the selling price. Should the School cease operations, Pine Hill has a similar right of purchase.

	<u>\$ 743,486</u>	<u>\$ 602,228</u>

The School administers funds received for specific purposes, such as scholarships, designated programs, and research activities. These funds are not controlled by the School and are not available for general operations, as the School acts in an agency or custodial capacity in accordance with the terms and conditions established by the funders in the funding agreements. Accordingly, amounts received and not yet disbursed are recognized as a liability under funds held in trust, and are not recorded as revenue or expenses of the School. Disbursements are made in accordance with the specified criteria and any unspent balances are retained or returned in accordance with the funding agreements.

7. Deferred Contributions Related to Capital Assets

Deferred contributions related to capital assets represent the unamortized portion of contributed capital assets and restricted contributions used to purchase capital assets. The changes in the deferred contributions balance for the period are as follows:

12. Contingencies

The School participates in a reciprocal exchange of insurance risks in association with fifty-six Canadian universities through the Canadian Universities Reciprocal Insurance Exchange (CURIE). This self-insurance co-operative involves a contractual agreement to share the insurance property and liability risks of member institutions for a term of not less than five years.

The projected cost of claims will be funded through members' premiums based on actuarial projections. As of December 31, 2025, CURIE had a gain/loss of \$6.1 million, of which the School's pro-rated share is approximately 0.04% on an ongoing basis. In addition, CURIE has obtained \$1.14 billion of re-insurance with commercial insurers to cover major property claims in excess of \$5 million per occurrence. In respect of general liability, the limit is \$5 million per occurrence. Re-insurance for general liability coverage in the amount of \$45 million in excess of \$5 million per occurrence is in place. In respect of cyber insurance coverage, the aggregate liability coverage is \$1 million.

In the event premiums are not sufficient to cover claim settlements, the member universities would be subject to an assessment in proportion to their participation.

13. Financial Instruments

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The School is exposed to credit risk resulting from the possibility that a customer or counterparty to a financial instrument defaults on their financial obligations; if there is a concentration of transactions carried out with the same counterparty; or of financial obligations which have similar economic characteristics such that they could be similarly affected by changes in economic conditions. The School's financial instruments that are exposed to concentrations of credit risk relate primarily to its accounts and contributions receivable. Included in accounts receivable is an allowance for doubtful accounts balance of \$163,102 (2025: \$163,102).

The School is also exposed to credit risk arising from all of its bank accounts being held at one financial institution and deposits are only insured up to \$100,000.

The risk has remained unchanged from the prior year.

Liquidity risk

Liquidity risk is the risk that the School will encounter difficulty in meeting its obligations associated with financial liabilities. Liquidity risk includes the risk that, as a result of operational liquidity requirements, the School will not have sufficient funds to settle a transaction on the due date; will be forced to sell financial assets at a value, which is less than what they are worth; or may be unable to settle or recover a financial asset. The School is exposed to this risk mainly in respect of its accounts payable.

The risk has increased from the prior year due to an increase in the accounts payable balance.

13. Financial Instruments (continued)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The School is exposed to interest rate risk on its fixed financial instruments. Fixed-interest instruments subject the School to a fair value risk.

The School is exposed to changes in interest rates related to its investments in marketable securities. The School's primary objective is to ensure the security of principal amounts invested and provide for a high degree of liquidity, while achieving a satisfactory return.

The School mitigates interest rate risk on investments by diversifying the durations of the fixed-income investments that are held at a given time.

The risk has remained unchanged from the prior year.
